Concept: **Nigiri Sushi Cheat Sheet**
Design: Illustration/ Web Interaction

Details: This web tool is designed for people who are new to/want to learn more about nigiri sushi. The input will be present as the sushi icon on the side when dragging one sushi to the sushi stand on the right side, and the output will be the name of the sushi in both English and Japanese, the pronunciation tip, and the Chinese character of the fish. //optional: putting a search bar on the page, when the viewer searches the name of the fish, the output will be presented on the sushi stand.
